Registration includes lunch

## REGISTER ONLINE NOW!

This training is designed to alleviate the fear and dread service providers experience when requested to testify, participate, or appear in court about batterers or survivors involved in the Criminal and Family Court system. Statewide experts, professionals, service providers, attorneys, and trainers will be presenting at this invaluable training opportunity.

Learn how Batterer Intervention Programs and service providers working with survivors can assist, respond and participate in court proceedings. Become familiar with the Criminal and Family Court systems. Learn valuable tips on testifying in court, how to become qualified as an expert in court, how to respond to Writs, Warrants, and Subpoenas and how to effectively deal with issues of confidentiality.

There will be a panel discussion of the relevant legal issues with two break-out afternoon sessions where you will gain hands on knowledge through interactive training, and demonstrations.

### BISC-MI Mission Statement

We will provide a working forum for interaction and information sharing among agencies and individuals concerned with the provision of batterer intervention services in Michigan.

We will help create and maintain coordinated community actions that hold batterers accountable for their behavior and promote safety and empowerment for victims.

We will give safety, needs and concerns of victims/survivors priority over the interests of batterers or any batterer intervention service model.

We will promote social change, which works toward a society based on equality and nonviolence.

### Benefits of Participation

- CEUs and Training Contact Hours
- An opportunity to Share Knowledge and to Network
- Gain practical knowledge and tools!
