VIOLENCE AGAINST WOMEN

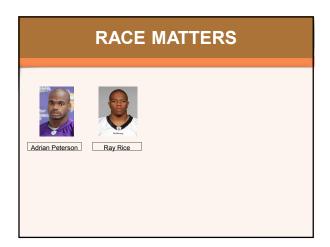

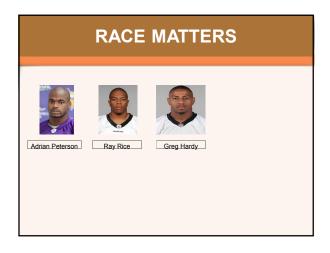

Feminist Perspective Teaches Domestic violence rooted in a patriarchy Not about anger management its about choices Power and Control Safety and self-determination for victims Accountability for offenders The need for a criminal justice first approach

| Express your broad range of emotions |
| Develop a voice |
| ■ Creating space for children to "just be" – No Boxes |
| ■ Embracing not distancing |
| Limitations of the collective socialization |
| ■ Envision the world |
| Increase healthy manhood we decrease violence |

As Fathers - As Men - As a Community

- language or expressions that denigrate women and girls
- Homophobia, heterosexist and anti gender nonconforming messages and behaviors
- Support feminist perspectives, become an ally to the rights of women & girls
- Silence is affirming
- Race and class does matter
