Why Are We Talking About Definitions?

Men Stopping Violence

Working together for a change.

Legal Definitions

- Primary Purpose: To punish perpetrators or hold individuals or institutions liable
 - Pros: Enforceable
 - Cons:
 - Bias
 - Doesn't address culture that socializes all men
 - Let's the rest of us off the hook

Public Health Definitions

- Primary Purposes: To monitor prevalence and determine risk and protective factors
 - Pros:
 - Breadth more accurately reflects survivors' experiences
 - Some acknowledgement of role of male socialization and training
 - Cons:
 - Male socialization and entitlement deemphasized

Campus Definitions

- Primary Purpose: To ensure all students have a safe environment where they can learn.
 - Pros:
 - Breadth more accurately reflects survivors' experiences
 - Responsibility for creating a safe environment provides incentive for addressing social norms
 - Cons:
 - Breadth can be overwhelming
 - Can easily turn to tactics and away from social norms

Social Justice Definitions

- Primary Purpose: Facilitating advocacy and change on individual, community and societal levels
 - Pros:
 - Potential to change social norms
 - Cons:
 - Not enforceable
 - Often defer to criminal justice system definitions
 - Often crafted to explain survivors' experiences rather than engage men
